GEORGE L. LEWIS. ADELBERT MOOT.

Nov. 3 - 1887 -

My dear Mrs. Tanager,

My absence from home while out of the state upon professional business accounts for your receiving no answer from me to your kind letters. Mrs Moot looked for you, and prepared to receive you for the third time, only to send to the hotel for you and find you were not there, the postals came the next day telling us the reason you did not come. I have written Roberts Bros to find out why I do not hear from "89". I have also written to New York as you request, I will report the answers.

Mr. Matthews is not yet discouraged. False friends cause his difficulty in the old way, by taking thirty pieces of silver from the enemy. But the reports are overcome, I will hope to save him. I hope you and the Judge prosper as you deserve to do. With well wishes, and a request that you remember me to your charming sister and daughter, I am
Ever your friend. Adalbert Moot
