W. W. Fungus Esq —

Dear Sir. As time goes by and we do often feel the need of money we wonder how you are doing in your different ventures and what the prospects are of our receiving a dividend — The day was accosted by Blair one day and asked if we knew you had published a book — we replied, no — He said no more — He presumed it is the book that Mrs T. was to put on the market — Our necessities keep us thinking and in this connection we have wondered if you were getting around to the condition when you can do literary work in the Book line — and if so — could not an arrangement be made

 might get their money.

Let us hear from you

Very truly yours
