Hon. A. W. Purgee:

My Dear Friend,

In my opinion "Buttoss's Law" is very fair. I enjoyed it very much. Your treatment of the Mormons is good. I was particularly interested in this part since I preached for several years under the shadow of the old temple.

Are you in the lecture field this year? If so, when and at what price can you give us a night? My people want to hear you again.

Yours truly,  
W. W. List
