New York.

Dear Sir,

We have been studying the lives of Authors this year in our school and can repeat a number of quotations. We enjoy the study very much.

Our school is going to give a reception to our parents and other friends before the Christmas holidays, and I thought I would write to you and ask for a favorite quotation of yours. I prefer to have something from your writing, that I may learn it and repeat it on Reception Day. I hope I have

not troubled you.

Yours respectfully,
