

Washington D. C.
December '87.

My Dear Sir,

It is desired to erect in our National Capital a John Bunyan Memorial Temple.

President Cleveland's pastor Dr. B. Sunderland has commended the work: "You have undertaken a noble work to erect a monument to John Bunyan." Bishop E. G. Andrews of the M. E. Church in commending the project has written: "Whatever work will recall for our veneration and imitation the name of John Bunyan is worthy of commendation and assistance."

President Grant's pastor Dr. John P. Newman has written for me: "John Bunyan is one of the great

benefactors of the world. He
should have a monument expressive
of his worth and our gratitude."
Can you commend the project?

Respectfully,

Pastor Edmond H. Swann,
Second Baptist Church,
#730 4th St. S.E.
