My dear wife:

I have two hours before starting for Boston, so you will get a letter sooner than you expected. Had a fine audience and a very agreeable time last night. Saw two Kingsville boys - Le Grand Bennis and George Bennis - Willie will probably remember the letter.

Saw Dr. Durham. He likes the book immensely only he objects to its diffuseness - of course. They take it at 15 per cent here and 7 1/2 per cent in England. I will see the Boston folks tonight and tomorrow. The weather is very pleasant and it looks as if I might have a nice time. Love both,
Albin
