Madame:

Replying to your letter of  
6<sup>th</sup> inst. we would say that we made  
the price of the Easter pieces at really  
less than cost simply for the sake  
of the advertisement. However if you  
wish a dozen of the pieces we will  
send them for \$10.00, as we will  
save something on packing a larger  
lot. We have another egg shape not  
illustrated in *The Century* and  
if you are willing to take other  
little pieces not of the egg shape  
we could make up a dozen with

great variety either as to shape  
or color.

Yours Respectfully

Rockwood Pottery  
J. W. Whipple

P.S.

It would be well to give us early  
notice of what you may require.

Dictated letter.
