Duplicate of letter sent on the 14th.

Mrs E. K. Tourgee.

Dear Madam.

We have your letter relating to Burlington, but the time is so short, we don't believe it is possible to do anything. If you could put the date into March, we think we might catch one or two points in Vermont - New Hampshire, where Muddling has been compelled to disapp. point them through illness. As he cannot come East till April or May, some places may not be able to take him and may be available for Judge Tourgee. Let us know if you can make Burlington later. Doubtless Charlotte may be able to take a later date also. - Yours truly
