Mrs Lougee

Dear Madam

I received your letter, I think $6\frac{1}{2}$ yds would be right for your dress and $7\frac{1}{2}$ for Miss Loe's. You had better send for brown breist it will look much handsomer than black. it will take at least one whole bolt 24 yds in a bolt. the blue will be pretty trimmed with black that we can get here. the making of Miss Loe's suit will probably be ten or eleven dollars your dress would be \$8.00 I am very busy at present but will try and make your dresses whenever you are ready to come,

Very Respectfully

Mrs M. E. Glott,
