Sioux Falls, Dak. Wed 6<sup>th</sup> 1888

9:30 pm

My darling wife:

I have had a curious busy day writing letters and reading and dreaming - ever noon that is, for it was noon when I arrived - though it seems to have been all day and not a short one, though pleasant enough - It has been just one of those queer bits of time that seem somehow displaced and broken. I am going to bed now to get off at 5:20 having to wake at 4:30. Have written Dighton to seek Oberlin the 14<sup>th</sup>. So, I suppose you may look to see me on the 15<sup>th</sup>. Till then I shall love you all

the time though I do not see

you -

Tell Lolo I have had a  
terrible temptation on her ac-  
count which I have manfully  
resisted! Such a wonderful dis-  
play of Chaldean! I am almost  
afraid to come back here on  
Friday - but I shall send  
all my money home before  
I come and be as poor  
as a mouse then

Am Peris
