My Dear Mrs Gourges

Your letter received, we send you samples of different materials, any of which will make Miss Lodie, a very handsome graduating dress, and one she can wear afterwards. It can be trimmed with watered ribbon and lace. I am very much pleased to hear Miss Lodie is going to graduate, and will be glad to make her dress, and by having her measures, and a waist that fits we can make her dress for the prices stated on tickets. I should have acknowledged the book and photographs, but I have been in an unsettled state, giving up my home and taking a position at Darlington & Co, which

was very foreign to my ideas, But
I hope soon to write a long letter
to you. I am ever your friend

W. C. Pennington
