Dear A. Wmigan Truque  
Dear Sir -

Having noticed  
by posters here that you are  
to speak in Danville  
this evening I take the  
opportunity of introducing  
myself on the ground of  
your middle name which  
was mine for a good many  
years. - There are a few  
bearing the name of Wmigan  
that we feel confident of  
a bond of relationship  
between them all and  
would be glad to know  
how much we may  
claim with you

The way of all the earth - leaving only  
our sister and myself off our immediate  
family - We are leaving together - at the  
old homestead (my sister - being unmarried)  
and would gladly welcome you here -  
If my husband were able to go to  
Lawrence to hear you speak this evening  
(he is a good Republican) I would  
accompany him so as to see you  
but it is impossible and we shall  
hope to see you here -

Most sincerely yours

Mary Morgan McCain

Have read with pleasure  
some of your literary works  
and promised myself  
if ever an opportunity  
offered of making your  
acquaintance to avail  
myself of it - I very  
much wish you were  
to speak here for more  
than one season - would  
be very glad to see you  
and then we have  
altogether too many  
Democrats in our town  
Can you not give us a  
call before leaving this  
vicinity? It would give  
us much pleasure if you  
could do so - My father  
and mother were both  
of the Morgan stock and  
with our brother have you
