

Sault Ste Marie

Jan 8, 1889.

6.30 pm -

My dear wife:

I know a letter
the morning you get to Phila will
please you and I have just a mo-
ment to write. Feels here on time
and in good condition, weather
very fine - snowing a little now
and a cold wave promised.
Have to leave here at 9.30 tonight
and go to St Paul in order to
reach Duluth in time. Clayton
does not seem to know any-
thing about railroads -

This is a new region and
enough - very quaint and
curious. It must be beau-
tiful just here at the [Soo]

So the call it in even-
even, if we do not go
West I am coming
here to get the driver
over

I hope you will
have good time. Will
and your draft from
Delath

God bless my
Darling

Hastily
W. H. H. H.
