My dear wife:

I awoke home
this morning and have just been
lying about resting and dozing
some time.

I had to stay in Clinch's
yesterday to do my Bylander - came
near forgetting it.

It is pleasant weather and nice
to be at home though the house
seems lonely without you and babies.

I am going to bed after dinner
to sleep up -

Pardon me for writing
only this little bit but I have
nothing to say and no life
to write - I am just dazed and
drowsy. God bless you.
