

EAGLE HOTEL,

OPPOSITE PARK,

F. B. MERRILL, Proprietor.

GOOD LIVERY CONNECTED WITH THE HOUSE.

Woodstock, Vt., Feb 7th 1884

My dear Wife:

I am here in one of the
richest country hotels you ever saw
and shall remain today instead of going
on to Burlington. I have sent out for
your draft and will enclose it here. Had a
pleasant enough trip up here. Sounds very
rough and I had a stateroom on the
very bow but was not at all sick. In-
deed enjoyed it though I think I will
never tempt Providence by going on
that particular boat again. I don't think
it is safe. Had a pleasant time last
night - real Yankee audience - best and
crankiest who come to be entertained
and to criticize. Reads a rather pleasant
story which I will mail you and

am now ready for a day's work.

I enclose herewith copies of the letters I desire you to write to French and Bedford. You should also write many of similar character to Roberts ~~as well as~~ if he will let you burn the same in paper at 25 cts.

I must stop now with lots of love for my darling -

Albina

I hope Louie read that article in the Century on our Girouard. He is the greatest and truest artist of our times.
