GOOD LIVERY CONNECTED WITH THE HOUSE.

Woodstock, Vt., Feby 9 1889

My Dear:

While I wait for the train on which I must leave for Burlington I will write you a few lines and confess that I am pretty much discouraged over that "Negro Problem". The truth is I worked over it all day yesterday like a bee and am no nearer a conclusion than when I first began. What I do know I don't know. The weather threatens a heavy snow fall but I shall have no difficulty in getting to Burlington. Love to Lodie.

Yours hastily

Albin
