Dear Madam

I enclose chapters  
8 & 12. Will try to have 14 set up a  
week in advance so to send both 13 & 14  
in about a week, so to rid you as much  
as possible in getting it out promptly

Yours truly

H. S. Harrison

Can not you get the judge to give us a  
little more about Collins & Beenny.  
It seems too bad to get the curiosity all  
aroused about them & not clear up a  
little better the mystery still existing  
& leave matters farther on for Eva  
& the rest? One chapter more in our  
opinion would add much to the book.
