Mixed Ottawa as expected to do. It was too close a connection to rely on at this time of year.

You will have to put off the Pottsville and Canton dates, until after Williamsport and Carlisle. It is an impossibility to make it from Cedar Falls on the 12th. You were misled by failing to note that the time changes at Buffalo leaving can leave earlier than arriving. So I could not possibly get through until the 16th.

You had better study the guide book a little. I shall stop over at Mayville until the morning of the 19th at 5 oc.

Yours
