A. W. Tourgis Esq
Mayville N. Y.

My Dear Sir:

Your kind letter was rec^d in due time, and its hearty endorsement gave me much pleasure. I shall preserve it with great care first, because it is "a good thing to have in the family" and also, because it proves that we still have men among us who, though very busy along important lines of labor, yet have time to speak a helpful word for those who can in no wise be of assistance to themselves.

Very truly
P. K. Pattison
