

Mayville N.Y., 26th 897 pm

My dear wife:

I have been at home two hours. All well and glad to see me. I have had two telegrams and have just run through a lot of letters - some of which I will enclose -

Dayton telegraphs - Lake Linden & Cabernet - April 18th & 19th - Milwaukee 22 - Cedar Falls 23. That you had too.

Minneapolis telegraphs - "Terms accepted (that is fifty and expenses to and from Mayville) if you can come April 24." - So that settles that trip. Here is the accompanying thing -

Dayton writes yesterday, after stating the above telegram. "We take in Cedar Falls after Milwaukee and you make the trip to California from there unless you advise us to the contrary. Telegraph on receipt of this if everything is satisfactory."

I shall write that we much have delayed. How does it strike you? It seems almost a wish after we had so thoroughly made up our minds not to do it. We shall see.

I enclose letters from the Boston Letter Syndicate and the Judge man - You see how right

a hearty letter from the Harvard -

Jim Albright - (Jas W. you remember) works an office as a Republican. -

That is about all the immediate news. With much love

Albin
