THE ADVANCE

155 La Salle Street.

H. S. HARRISON, Manager.

Chicago, March 21 1889.

A. W. Cargue

Dear Sir

Yours of the 26th to hand.
The disgust "I" spoke of, & which you
are so delighted with, is not as you
assume, at the truths presented, but at
your notions in developing such an intense
interest in the character, with the strange
half hidden mystery through it all.
& then leaving it all unfinished,
so incomplete. Perhaps I was hasty
in my last, which you had not received
when you made this reply, but it is a
serious question as to its effect upon
our honor for the Hall upon which
I have agreed to stake so much money.
Hoping you will see your way to
help us out & bring the best results
all around
Yours truly
H. S. Harrison
