A W Georgee

Mayville N.Y.

Dear Albion

You wrote me sometime since that you would send me \$150. by the first of Apl and I calculated that would help me along untill fall when I shall overhaul things and dispose of some of my loose property and get things together in a shape if I cannot pay all then got it fixed on time so that I can let it rest if I choose has there any thing occurred so that you cannot furnish it it would disappoint me greatly as I have not been able

to get around to make any  
arrangement have been so that  
I have done the most of my shares  
but am more than tired when I  
got through in fact I do not  
know of any one who has the  
money at present. I will make  
it all safe for you as soon as  
I get a short time will answer  
my turn if I know where it is  
coming from they tell me warm  
weather will do me more good  
than medicine and I hope it will  
let me know if anything is  
wrong

Yours affectionately

V. Bourque
