

Kingsville May 3, 1889

Judge Tourgee

Dear Sir

I spoke to Mrs Tourgee about that line fence she said she would not build nor pay for building it - they had repaired their half of the fence & you will have to build your part there will have to be 35 rods of new fence & it will take about two days to repair the rest of the fence around the pasture. Had I not better build a barb wire fence along said line and then you settle with them otherwise I am afraid it would be some time before I could use the pasture & I need it very much. please notify me what-

to do about it soon  
They said last years taxes  
was not paid did not know  
How much they are

If you file a claim for  
the building fence you ought  
to have enough to build a road  
fence & repair north line also

Yours Respectfully,

Chas A Brown

You may build the fence for the  
sum stated, \$15.00. - the sum to apply  
upon the rent
