My dear wife: I have not time for a letter this morning as I have to get the proof of No. 1. back to Hippinutt at once. I am feeling pretty well. Enclosed you will find letters for Metz, calf, also, one to be copied for Roll. P. Porter, Census Commissioner. I have addressed it to him as Supt. of the Census, but have no idea that the title has been changed. You may address it to him as - "Census Commissioner of the Census," on the envelope and leave it

as it is on the inside.

Yours humbly
