Dear Sir:

Just
of June 11th rec'd -
We will be glad to see
you at the time you
propose to come but
rather wish you had
arranged to come earlier
because we think it some
what pleasanter in this
northern region - however
we are happy - like the
rest of the world - a late
summer - you will find
no difficulty in getting

a conveyance to carry you
to the little lake probably
whenever you desire.

We have a P. Office
and a weekly mail
brought over by sail boat
on Saturdays. The crew
of Life Saving Station here
generally carried our mail
but we have recently been
furnished with a regular
carrier dating from 1st of
July.

Truly Yours
S. R. Bradman
