Judge Bourgeois

Dear Sir, I have received
a letter from Miss Alice White
a missionary worker here, but
now in Government for vacation.
She writes that there is hope
of getting Mr Quincy Shaw
of Boston to head the list
for the endowment of the
Infirmary - I thought per-
haps a line from you might
have some weight with him
in the matter. If you think
it will be greatly obliged if
you will write him -

The list of the board of trustees
will be forwarded to you in a
few days.

The progress of the building
is satisfactory.

Gratefully yours

Mrs Ann Hale
