Dear Sir:-

I have your note of the 6th inst, and also of July 31.

We are trying to get up a series of articles for our Weekly edition and only want a single article from each writer. It is not desirable, therefore, to engage such a series of articles about the colored race as you propose in your favor of the 31st ult. We are willing, however, to make an exception and take two articles from you on that topic, each not to exceed 5,000 words, the price to be \$200 for the two. If this is satisfactory to you please advise me.

Very truly yours,

D. Richardson
