Dear Sir & Comrade.

Can we hope that you will be with us at our coming reunion? Remembering, as I do, what you have done for us in the past, I trust that you be present at our Camp Fire. We can easily get men and comrades who can talk but too often that talk does not give the people of to-day a very high opinion of the soldier of 61-65.

In my heart, I have thanked you a thousand times for what you said of the soldier at Chautauque last year, and I sincerely trust you can talk to us again this Reunion. Very truly yours
A. C. Robertson
