Hon. A. W. Turgess,

Dear Sir:

Your favor
of the 30th ult came to hand
this morning, and we were
relied, after the vivid de-
scription of the damage
quit covertly threatened, to find
that you had discovered the
key to the proofs, which we
supposed would be all plain
to you.

The copy, which you say
was returned with the
proof we are unable to
find in the package; and

as you anticipate, we
need it for purposes of
verification. Please en-
quire if you have not re-
tained it. Made up
proofs will be sent you
later.

Very truly
Yours,
J. G. Rappin
