TO OUR MEMBERS:

THE NATIONAL ALLIANCE was organized in September, 1885. Its *Insurance in force* is now over \$15,000,000.00. From the beginning we have sought to reject all questionable "risks," and the result of this constant care is manifest in the *low death rate* that prevails within our ranks. Addressing those whose premiums are paid *bi-monthly*, we remark that during the first eight months of the present year, *two* of your four premiums have been *largely reduced*, because of an *existing surplus*.

In the judgment of our Executive Committee, it is the part of wisdom to issue one more *full* premium call during the present year; see notice sent herewith. This will insure a continuance of *prompt payments*, maintain the Mortuary and Emergency Funds, and augment that "*Reserve*" which is the essential feature of *Sound Life Insurance*.
