Buffalo, Oct. 15, 1889.

Judge Tourgee,

Mayville, N. Y.

My Dear Sir:-

Your letter of October 14th is just received. I am very glad to receive the notice of the work you intend to do in the Law School this year. The School opens very well indeed.

The October Number of the "Green Bag" contains an article on the Buffalo Law School written by Mr. Norton, one of our faculty, which gives an elaborate argument in favor of our method of instruction. The article is quite fully illustrated. If you do not take the "Green Bag" I shall take pleasure in sending you a copy when received from the publishers.

Very respectfully yours,
