Dear Sir:

The plan is not mine but I am
counsel for the party owning it. I am not
informed as to the price at which she holds
it, but think she would sell on a
small payment down with long time on
the balance with a payment each year.
She does not need the money and only desires it to be secure.

If you will see Mr. W. Wright of
Kingsville within a few days and make
an offer as to price and terms, I shall meet
~~leave~~ them here about Nov. 6th or 7th and
will get particulars from him to lay be-
fore my client, if it is deemed neces-
sary to me worth while to do so.
