12th

Lansing, Mich. Nov. 25- 1889

My dear Wife:

You will be surprised no doubt at receiving this from Lansing. It is the result of a curious combination. I struck from Buffalo for Durand Mich. expecting to make the ~~D. & N.~~ Detroit Lansing & Northern and get to Muskegon at 2.45.

Train was late and I came near being left in the woods at Durand; but found train had gone just in time to jump on as my train was in motion and come here, leaving my trunk to go the other way. I leave here at 1.30 and will make into Muskegon at 6.55.

It was very close - ten seconds would have made a miss. But I am probably all right now

Yrs. hastily
