Hon. Albion W. Tourgee
Mayville, N.Y.

My Dear Sir:

The Physician League
of which I am a member has been
very much in favor to have your
Educational Bill as given in Chicago
Inter Ocean, passed by the present
Congress.

Will you be kind enough to tell
us what member of Congress you
expect to present the bill?

We wish to do all possible to push the
matter. It will also be acted on at
the National Convention to be held
at Chicago.

We feel that our people stand and
have its wisest counsel in you and we will
tell you so in larger words than this at an
early and more opportune date.

An answer to the questions as to what
Congressman shall present the bill
and how soon will greatly oblige the
people here. As I wish to speak
of the matter next Tuesday eve.
an immediate reply will greatly
oblige.

Yours for Education,
W. S. Martin,
Student of Oberlin College,
