

STEAM HEATING, ELECTRIC BELLS AND ELEVATOR

Loux Falls, South Dak, Dec. 14<sup>th</sup> 1889.

My dear wife:

As soon as the disbursing agent comes around I will get a draft for \$100 - and send you. I go to Menomonie at 12 o'clock and have to drive back tomorrow, 45 miles. At 6 pm. I go to Sheldon Pa on the Ill. Central and from there reach Okauchee at 9.45. Monday Am. and Hancock about 3 pm. It is a pretty tough trip but I expect to make it. Big house last night - the hair problem - as usual.

You must whip Cid when he does so. Keep the whip at hand and lay it on him lustily. To spare him is mistaken kindness.

If you want him to stay in

the basin chain tin up. - There  
are two chains in the office.  
I sent the Century from  
somewhere.

The letters you forwarded  
were very interesting.

Met Everett Smith of Greenboro  
you remember - great big old  
fellow - here and had a very  
pleasant time with him. The old  
fellow almost cried at meeting  
me. Also met some pieces of Crum  
and McKim. Am sorry I can-  
not send you more money.

Love to all. God bless you

Abbie
