

H251

Dear Mr. T.

My dear Judge Tougee,

I hope you will recall favorably the two or three pleasant talks I enjoyed with you when we were both living in Denver. I have followed you from the West and am endeavoring to make The Cosmopolitan a success. Having expended already over \$100,000 I am beginning to see signs of success and by the time that twice that amount has been sunk I hope to have the Magazine on a paying basis. I should feel highly complimented if before disposing of your MSS. you would give the Cosmopolitan an opportunity of knowing what is or will be written by you.

Sincerely yours
