

Gentlemen:

Return proof of Preface
and dedication O.K. - Both are
quite satisfactory.

The title-page I have had
my daughter draw so as to illus-
trate some changes. You will see
what they are: "With" heavier and
longer letters; Card larger and square on
page. Perhaps a little narrower than she
has given it would do. "Attorneys" smaller
type. Putting "With" pretty over left
hand corner of card; I think an
improvement. Am not sure it
would not be better to put it all

still further to the right.
~~over the road: - there is beyond the~~
~~as on a line with the left-hand~~

I have so little imagination
that I cannot see such things
until they are before me in
black and white. So I am not
at all sure this would be an
improvement. You can try it as you
wish. I like it about as indicat-
ed and think it will make
a very attractive ^{little} page. If it
suits you you need not mind
about sending it to me again.

Made on that model with
such changes of letter &c as
you may like it will do very
well and I think prove at-
traction to buyers.

Yours
