My dear Jasr.

Referring to your letter of Oct 14
last, about the Law School in which you said
that it was your "intention to elaborate your lecture
and with a week's duration in the Spring for their
delivery" etc. Can you give me initials - about
when you can give us that week, so that
I may lay out my course accordingly?

If you will let me know you will confer
a favor.

Very truly yours

Le Roy Parker
