

153 Powell Hall,
Easton, Pa., Mar. 6, '90.

Hon. Albion W. Tourgee;

Dear Sir:

per S. E. Killbuck, We received
your telegram, stating your inability
to lecture for us, late last eve-
ning. We had written you at
Phila., asking you to come if
you possibly could, and as we
received a letter from the
"Bureau" yesterday morning stating
you would be here were in doubt
whether you were coming or not.

In the previous letter I men-
tioned the reason (Examinations) why

it would not suit us to have a lecture next week. Could you not come some time in early part of April, any time after the 6th, provided it be not too long after.

The people are expecting as yet to hear you, and all are anxious to have you come. Please write early as possible whether you can arrange or not.

Considering the condition of the weather to-day it is very fortunate that the lecture to-night has been postponed.

Very truly

F. C. Taylor

153 Powell Hall, Eastern
Pa.
