Judge A. M. Young

Dear Sir:

We are now endeavoring to build up a library in connection with this institution, somewhat harmonious with its unique feature and commensurate with its standing. To this end we are endeavoring to make a specialty - of Negro journalism and books treating different phases of the Negro question. As there is no fund on which we can draw for this purpose, we have been compelled to appeal to the generosity of our friends, and others interested in the cause of Christian Education for such contributions

as their opportunities and philanthropic promptings might dictate. Several have responded favorably. We would be very glad to have you favor us with a collection of the books of which you are the author. Their influence on the students in molding pure, noble and elevating sentiment will fully compensate your liberality.

Hoping to secure your favor ~~as~~

I am Yours Respectfully  
D. C. Sugg  
Librarian
