Dear Sir,

We have somehow become so crowded with Easter stories that we have concluded to use them next week & omit the serial issue. Your installment for next week is so short, if the next is any where like it, I would rather use both in one. Much less than one page I am sorry to issue. It creates dissatisfaction if less than a page. Please give me your latest thought as to the length of the serial, the time when it closes.

Yours truly
H. S. Harrison.
