Miss M. Course

Dear Sir

Pardon the liberty

I take in writing you. but I know  
not where else to get the information  
I wish. I love your magazine "The  
Continent" until you give it up.  
I liked it very much and was  
very sorry when you had to discon-  
tinue it. sorry on your account  
that the venture I should be un-  
successful and on my own, that  
I had to give up my bright little  
magazine. I write you thus frankly  
because I have always felt  
interested in your success, since  
I read your fine book. After all  
these years I wish to have my  
Continent found, and find out  
that some kind friend failed to

return some of them after reading.  
I have tried all the News Reports  
have but none of them <sup>have</sup> any of the  
the missing numbers. & this explains  
my troubling you.

I want to get Jan. 7<sup>th</sup> Feb. 20<sup>th</sup> & 27<sup>th</sup>  
of 1884 and May 9<sup>th</sup> of 1883.

Will you kindly let me know  
if it be possible for me to get them  
and if so, where, & what will they  
cost me. Also if Aug 20<sup>th</sup> 1884 was the  
last issue. I have already found  
two volumes 12 numbers in each and  
they make very fine readable volumes.

Again asking you to excuse my  
troubling you. I remain...

Yours Truly

Ernest Lamb
