

66 D St N. O.
Washington, D. C.
April. 4th 1890

Dear Judge

Your kind letter to Mr Nannamaker received some days since and I wish to thank you for being so very prompt in the matter. I have not yet decided upon the best time for presenting the letter but will do so at the first favorable opportunity.

There is a possibility of being too fast in the matter as the appointment I want may not be made until

about the 1st of July — Still I wish to be in time.

Shall inform you what Mr W. has to say or do concerning your letter.

The little "balky" girl still wants to "balk" a little and we endeavor to gratify her whenever the weather permits.

Enclosed you will find a copy of our memorial to Congress — There are large numbers of Postal Clerks throughout the Country who would greatly appreciate a kind word from you in regard to this matter.

A "Bill" has been presented to Congress embodying the substantial features of this memorial and is in a fair way to become a

law — the "Bill" would have passed long since but for the opposition of the Department.

Mrs P joins me in best wishes for both yourself and Miss Tourjee.

Trusting you are feeling much better than when I last saw you

I remain

Yours very truly
John W. Bulla
