Hon. Albion W. Tourgee:

My Dear Sir,-

Your letter of April 4th is received. I hasten to express my regret that your health is so poor, and that you are suffering so, especially as it may prevent your being here in person, to give your course of lectures. If, however, you cannot be here in body, I hope you will in spirit, speaking to our students through Mr. Moot, as you suggested. I earnestly hope that you will speedily find yourself in perfect health.

Very sincerely yours,

*Le Roy Parker*
