Dear Judge

Your letter was presented some days ago and the heaven it supplied worked so well that I received the appointment on yesterday - It is hardly necessary for me to say how pleased I am and how much obliged I am for your timely assistance which seemed at any rate to hurry up matters - You no doubt can appreciate as well as understand the feelings of both Mrs B and

myself in regard to the matter. Perhaps in the future may come an opportunity of showing our gratitude and appreciation for your many kindnesses, but for the present we must content ourselves with plain words for we certainly are grateful to you and shall never forget what you have done for me in addition to the many and varied acts of kindness toward the different members of our family.

I have not yet completed all the formalities in the matter and shall not qualify for several days yet and have no idea as to

where I shall be located.

Mrs B joins me in regards to both yourself & Mrs. J.

Respectfully

John W Bulla
