A. N. Sargent

Dear Sir

Tactolus Prime has been received. Will review it now at the earliest possible moment. Have been very busy with the state convention of Afro-Americans that met here last week. After a hard fight that date back over two months I have come out successful and out of it has been formed the state Afro-American League. Upon the issue of the convention depended the existence of the Afro-American League in this state. Its opponents and advocates had agreed to abide by the decision of the people and form one strong state League.

Nebraska organized well before last. His cousin and Indiana are organized. Ohio meet tomorrow (Tuesday) at Columbus. New York (Thursday) at Rochester

Tennessee and Arkansas next week Tuesday
at Nashville and Little Rock Arkansas respec-
tively.

In Tennessee, owing to the educational
qualifications, night schools are being
established, and it is expected that by
November those whom the qualification was
aimed at will be able to comply with the
requirements of bill.

There are many excellent things in Taft's
I was very much impressed with the
chapter on The Law of Progress, we might
also call it retributive justice

Don't be silent at Taft's if
views contrary to justice are likely to pre-
vail.

Yours sincerely
