Dear Sir:

I would be much pleased
to receive from you answers to the following
questions.

What two southern states had a public
school system (or a substitute of one) in 1860?

What southern states have made the birth day of
Lee a holiday?

Where (if any) can I get the best work on the
political murders and atrocities committed
in the south in last 15 or 20 years?

You might answer in the spaces above.
You are engaged in a noble work which
the loyal and patriotic fully appreciate, or ought
to.

Very Respectfully

Augustus Jewell
