Dear Sir:

Will you kindly forward me, for my personal satisfaction, your opinions as to the relative merits of the Essays, The Method of Culture and Our Public Schools, their Friends and Foes? Will you also point out the obvious defects in the former production?

Your answers in regard to the Essays submitted to you will be entirely confidential.

If you will kindly favor
me with your estimates,
I shall be most grateful.
Your high literary abilities
and intimate acquaintance
with literary standards, em-
bolden me to ask this
expression from you.

Trusting that I do not
intrude upon you or your
time, I am,

Very sincerely,

Ed. L. Mattern.
