

My dear Mrs. Furgess,  
For some time  
I've been trying to tell  
you that our work  
for Mr. Hall is going  
on well. It seems to  
be a genuine case of  
one raised up to do a  
special work. At first  
I thought we'd give him  
a loan from our Home  
Building & Loan Dep't  
& put it into the hands  
of Mrs. Kimney Chair's  
of that Corn, & having  
asked our Board here  
to approve her lending  
him \$80, which they  
did. But as I had  
more correspondence

with him & you see how to bring about, I hope,  
his letters to you & felt  
it could be a real mission  
& so put it into the  
hands of our mission's  
Dep't. Mrs. Kimrey agreeing,  
& the result you'll see  
is the papers I send  
with this. I think he  
will be a good workman,  
& I've a promise from  
Gen'l. Abogan to give him  
a salary, as a Gov't  
teacher, of \$600. when  
our schoolhouse is ready,  
so all looks fair. Later,  
if all goes well, we'll  
put up a mission cottage  
& have mission work added,  
& you can rejoice  
in what you've helped

to bring about, I hope,  
And sorry not to  
have seen you & hope  
that pleasure is yet before  
me.

Please let me know  
if you come to the  
city.

With hope for all  
our needy Indian  
tribes, & for all your work,

Yours sincerely,  
A. S. Quinton,

1823 Arch St.,

Philad'a,

June 25 '90.

I'll send our July  
paper when out.
