P. O. Box 3248.

CABLE ADDRESS,

Nixon, New York.

6.28.90.

Dear Cousin,

Yrs 26th, I send you by Express what I think will please you as to size, and the quality is the best U. S. Standard Bunting. The size is 6 X 10 feet, and the net cost with all the trade and cash discounts off \$6.57. It is such a flag as would retail for somewhere about 12 or 15\$.

If you want a larger one, can get you at 7½ X 14 feet for \$9.90 or a 10 X 16 for 12.60, and if you should want to exchange this after the 4th can do so for you if returned in good order and not torn or soiled. We have one 5 X 8 feet that is a very respectable looking flag.

We are pleased to know that the Judge is better, and hope he will continue to gain strength.

You are kind to ask us to come and see you, and I know of nothing that would give us greater pleasure but the outlook now is that I get no vacation at all. I am doing two mens work in the office now, Housel our book keeper being off for a rest, knocked out by the work and ordered by his doctor to stop. He worked for three weeks trying to get things cleared up to go away and finally got off.

He is resting by taking a trip out to one of the factories and learning how handles are made.

Tell Judge that Housel has turned out what I thought he would a good man, and now takes as much interest in the business as I do, and it was hard to get him off for a rest.

Kate would send some greeting if she knew I was writing.

Yrs affty.
